

HAPPY INDEPEDENCE DAY

This Independence day,

From this Independence day,
Let's start a practice that
Whenever we will pray
We will pray for only india.

When we say 'our Motherland'....
We feel proud.... We feel unity....
We feel bonding....
That second, we feel the ownership of
all the mountains, rivers and forests

We all love our country,
We always wish for its betterment
But sometimes we become selfish
And pray only for self and our little family

our nation gave us our identity, our dignity
And we all feel the same patriotism
Let's change our priority to.....
only for the nation.
