

## **Admission Procedure**

Admission procedures begin usually in the month of February with an advertisement appearing in at least one daily newspaper of Jharkhand. Application Forms are given out from mid-February till about the third week of April.

At the beginning of May after verifying the applications and the documents submitted, an admission test is conducted. This is a Common Entrance Text for the Christian Minority Colleges for Primary Teacher Education. The candidates accompanied by their parents/ guardians are required to appear before an interview panel soon after, within the next two days according to the schedule announced prior to the admission test.

The list of candidates selected for admission is published normally towards the end of May. The merit list is prepared according to the following weightage of marks: Matriculation (SSC or Std X) - 25%, Intermediate (Plus Two) - 25% and Common Entrance Test - 50%.

Upon payment of the requisite fees during the third week of June, admission is granted. The exact dates of admission each year are given elsewhere on this website. For the current year please visit:
